## Chairperson's Report

Hello all, it is once again time for a quarterly update on the happenings of Nicotine Anonymous World Services.

I have deep gratitude and appreciation for all who serve. Service is a key to our sobriety and a wonderful opportunity to develop new relationships while practicing these principles in all our affairs. It also affords occasions to attract people to our program. As we serve, without criticism and judgment, others may wonder how we can do that. This is a great time to refer people to the 3rd Step Prayer or our Traditions, or even the fact that we take our own inventory rather than another's. We are servants, not professionals, who weave our service time into work, family, life. We do not get paid and the rewards are immeasurable. And there are plenty of challenging moments that push a servant to ask, "Why the heck am I doing this?" The answer comes back to "You can't keep it if you don't give it away", or "So our program remains self-sustaining," or whatever your reason is.

I would love to hear others share their reason for service at any level, possibly even write a note and send in to *SevenMinutes* for the next issue. (See sidebar on the left.) We do have a few service positions still open, as listed on page 14. If you feel called to serve, or to serve in a different way than you have been serving, please contact me or any board member for further information.

It is with gratitude and sadness that I let the fellowship know that David M, one of our servants, has died. He was the Northern California co-founder of Nicotine Anonymous. There is gratitude for

all he did to serve, and sadness that he is no longer with us. Ed T, our current board treasurer, wrote a lovely memorial about Dave on page 7 of this issue. Please read it; even if you never met him, he has touched your life.

Social media and instant everything are encompassing Nicotine Anonymous and challenging our sacred Traditions. Yet without these Traditions, we don't have a program. I would encourage all to deeply explore our Traditions and experience the wisdom of those who wrote them. The Traditions are like a protective shield around us to keep us self-supporting and out of public controversy.

As you may know, NAWS has a Traditions Committee who serve as guardians of the Traditions. Anything made public with our name/logo attached must pass through that committee to check for items that may not be following our Traditions. The committee has been quite busy this quarter. So, to answer a few questions I've had, here is the process: The request for a flyer/brochure, PSA/ etc. gets sent to the chairperson, who then sends it to the Traditions Committee. After review, it is sent back to the chair with approval or suggestions for changes so it can be approved. After the Traditions Committee's final approval, the chair sends it back to the original requester with permission to move forward.

The Outreach Committee has been diligently working on many outreach activities helping to keep the Traditions Committee busy! Certain things that go through the Traditions Committee are also sent out to the fellowship through

*The Twelve Steps of Nicotine Anonymous*

1. We admitted we were powerless over nicotine—that our lives had become unmanageable.
2. Came to believe that a Power greater than ourselves could restore us to sanity.
3. Made a decision to turn our will and our lives over to the care of God, as we understood Him.
4. Made a searching and fearless moral inventory of ourselves.
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. Were entirely ready to have God remove all these defects of character.
7. Humbly asked Him to remove our shortcomings.
8. Made a list of all persons we had harmed, and became willing to make amends to them all.
9. Made direct amends to such people wherever possible, except when to do so would injure them or others.
10. Continued to take personal inventory, and when we were wrong, promptly admitted it.
11. Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry it out.
12. Having had a spiritual awakening as the result of these steps, we tried to carry this message to other nicotine users and to practice these principles in all our affairs.

*The Twelve Steps and Twelve Traditions reprinted and adapted here with the permission of Alcoholics Anonymous World Services, Inc. Permission to reprint and adapt the Twelve Steps and Twelve Traditions does not mean that A.A. is affiliated with this program. A.A. is a program of recovery from alcoholism-use of the Twelve Steps in connection with programs and activities which are patterned after A.A., but which address other problems, does not imply otherwise.*

*The Twelve Traditions of Nicotine Anonymous*

1. Our common welfare should come first; personal recovery depends upon Nicotine Anonymous unity.
2. For our group purpose there is but one ultimate authority - a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants; they do not govern.
3. The only requirement for Nicotine Anonymous membership is a desire to stop using nicotine.
4. Each group should be autonomous except in matters affecting other groups or Nicotine Anonymous as a whole.
5. Each group has but one primary purpose - to carry its message to the nicotine addict who still suffers.
6. A Nicotine Anonymous group ought never endorse, finance, or lend the Nicotine Anonymous name to any related facility or outside enterprise, lest problems of money, property, and prestige divert us from our primary purpose.
7. Every Nicotine Anonymous group ought to be fully self-supporting, declining outside contributions.
8. Nicotine Anonymous should remain forever non-professional, but our service centers may employ special workers.
9. Nicotine Anonymous, as such, ought never be organized; but we may create service boards or committees directly responsible to those they serve.
10. Nicotine Anonymous has no opinion on outside issues; hence the Nicotine Anonymous name ought never be drawn into public controversy.
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, TV, and films.

12. Anonymity is the spiritual foundation of all our traditions, ever reminding us to place principles before personalities.

*Our Preamble*

Nicotine Anonymous is a fellowship of men and women helping each other to live our lives free of nicotine. We share our experience, strength and hope with each other so that we may be free from this powerful addiction. The only requirement for membership is the desire to stop using nicotine. There are no dues or fees for Nicotine Anonymous membership; we are self-supporting through our own contributions. Nicotine Anonymous is not allied with any sect, denomination, political entity, organization or institution; does not engage in any controversy, neither endorses nor opposes any cause. Our primary purpose is to offer support to those who are trying to gain freedom from nicotine.

NicA News. The process for that is the same as just mentioned.

We have several new meetings that started which is always exciting. Our Meeting List Coordinator keeps us up-to-date on those additions. Each meeting, new and not so new, has a person who opens the meeting, sets up the room, facilitates the meeting and other things needed for the meeting. Simply look at our meeting lists, all of them, and you will see how many servants work on a daily and/or weekly basis to offer hope to those still suffering from this horrific addiction.

Speaking of our web site, if you haven't spent a few minutes exploring it, you may enjoy doing that. Our web servant has spruced things up a bit, made it a little more user-friendly and added some information to our Archives section. Archives is a great way to see what our fellowship has done over the years. Additionally, browsing through it, you can only imagine how many servants it took to do all the work, hold the conferences, have committee meetings, develop literature and on and on.

And, speaking of literature, every one of the pieces of our literature had to be created and developed, then approved by the Traditions Committee, then sent to the fellowship. It represents countless hours over many years, and the work of the Literature Committee is ongoing.

The NAWS Conference Committee for **We Can See Clearly Now 2020** will have met by the time this issue reaches you. The conference is just around the corner – see page 8 for all the details. We hope to see you there.

Over the years I've had many sponsors. All of them sponsored me a bit differently. Each expected different levels of commitment to the process of working through the 12 Steps.

One sponsor expected me to call him every day; another expected me to have a sit-down meeting with him once a week. Then I met a sponsor who was able and equipped to communicate a vitally important question that I needed to answer. The question was simply: what is my truth?

One answer is that I am a nicotine addict. That is a fact. Another answer is that I'm not any one thing. My truth has many dimensions, covering a wide spectrum of truth, all pointing to the spiritual principle of Step One: honesty.

In Step One we admit we are powerless over nicotine, and our lives are unmanageable. This is also my truth.

As I continue to answer his question and work the Steps, other truths emerge. Working the Steps in order is vital to my recovery.

My current sponsor and therapist both welcome me into gentle examination of these truths - all are vital to my recovery.

## Facing Each Day...

I have fear of how a major life change I'm planning is going to turn out. I could easily break down crying. I am a guy and that's not an easy emotion for me to express. I feel gratitude for having people to listen to me who want to help. I have prepared myself, done Step work and discussed plans. I only have a little footwork left to do, yet I feel anxious of the unknown.

When I used nicotine I knew what I was going to feel. I felt the same numbness over and over. In the end I felt trapped and couldn't escape. Now it's up to me to feel my feelings without my old smokescreen. I must face the mystery of each new day and situation with faith that I will be given the strength I need to face the challenges to come.

I am developing the faith that my Higher Power will be there when I need help. I can not only walk through the pain and joy, but also grow into a new person.

## Arizona Intergroup Fall Picnic and Meeting on the Mountain

As has been customary for over two decades, the Arizona Intergroup of Nicotine Anonymous hosted its annual fall picnic on November 3. It's a perfect time of year for outdoor activities in our desert climate, and this year was no exception. We gathered in the late morning at North Mountain Park, overlooking sunny Phoenix, and fired up the grill. Members brought their own meat, drinks and a dish to share with the group. A tasty feast ensued!

Phoenix has two face-to-face NicA meetings which were well-represented at the gathering. We were joined by a number of members who drove down from northern Arizona, representing both phone meetings and a live meeting held in Prescott, AZ. So nice to meet together each year for fellowship, food, and fun! The highlight of the picnic, however, is the Nicotine Anonymous meeting that follows. What a treat to hear recovery shares while on a mountain top with great views. The format varies year to year - sometimes a Speaker meeting, sometimes a Gratitude meeting, sometimes it's a recovery topic. This year members spoke on the topic of "serenity." It was wonderful to hear how the nicotine-free life has brought people serenity and peace in so many different ways. Truly inspiring! To a person, much gratitude was expressed for the program which has brought us such gifts - emotional, physical, and spiritual. Higher Power has truly done for us what we could not do for ourselves!

## From the FreeBridge Telephone Group...

### Stronger Together: The Power of the Group

We learn something from everyone. We make some progress with everyone in some way.

When we enter Nicotine Anonymous, there will be people we connect to and others we find best to move on from.

But we are here in agreement to become free from all nicotine. That's the power of the group.

My Higher Power sets in motion the truth of being in agreement. So here we are, vessels of iron, seeking the sharpening that comes from one another. It doesn't matter if at times when iron strikes iron, sparks may fly. Differences bring growth. Sparks also bring light.

The rooms of recovery house the unifying factor, our shared suffering and struggle from the disease of nicotine addiction. The therapeutic value of this fellowship is sharing experience, strength and hope with no regard for who we are.

It's like when iron sharpens iron, we all get sharper.

We all become more capable and we each progress in recovery, one share at a time, one meeting at a time, one day at a time.

When people come together there's a diversity of personalities, but as a whole, our main goal is the desire to stop using nicotine. The wounds of one, help another. We restore each other and learn from each other. We need others in our lives to sharpen us and encourage us.

It's good to remember our First Tradition: "Our common welfare should come first; personal recovery depends upon Nicotine Anonymous unity."

## From a Newcomer...

I searched and I wondered, for so many years. It was then that I found you, after so many tears.

My life was so lonely, for many a mile. You welcomed me always, with Hello and a smile.

Boundaries, I didn't know, and were not understood. Something not taught, I've learned that are good.

All of you have changed me, for sure, not by chance. I wanted to thank you, for helping me dance.

*The article below from March 2013 was authored by our long-time tele-servant, Jill O, who passed away not long ago. Her words serve to remind us all that service is...*

### **Gratitude in Action**

Recently I celebrated six years of freedom from the clutches of nicotine addiction and with this came a pause for reflection.

In my earlier years as a smoker, I was a kind, sweet, easy-going woman; but after 43 years, I had become an indifferent callous creature living only for

my next cigarette. My life had become so consumed by smoking and illness that I hadn't noticed the loss of friends, family, self-reliance, self-respect and hope.

Ironic how COPD would show me the way to Nicotine Anonymous and the good people within. It was there that I emerged from the dark place and became reacquainted with myself....a woman who cared. After being given the gift of sobriety, I was able to then accept the opportunity to serve. With that came my growth.

My service began quite small...leading a meeting, laying out literature. Could I do it? I wanted to try. And it began my slow, long journey back to the living, caring and yes, eventually loving person I had lost.

As my service continued, I was then asked to be Secretary of my local Intergroup. Next an amazing opportunity was given to me by - you guessed it - my Higher Power. I was nominated for World Services Officer's Board as Secretary. I humbly accepted and was elected. I had an amazing three years on that board and found friends, experiences and recovery in abundance. At the World Services Conference held in Albuquerque, an opening for Tele-Service Coordinator was announced and yes, I proudly raised my hand and volunteered.

I give all credit to my Higher Power, sometimes in the form of friends and fellow members, for the chances given to me. I will continue to offer any assistance I can to the still-suffering addict on the telephone and be grateful for the newcomer's presence in our rooms each night.

Service is oxymoronic. I volunteer to keep my addiction at bay and to share the gift with others. What I receive are the blessings and promises of a better life. Now who gets the better end of this deal?

## *In Memoriam*

With a heavy heart, we announce the passing of David M, the Northern California co-founder of Nicotine Anonymous.

David was the former owner of the Dry Dock, a 12 Step recovery club in San Francisco, which hosts many different 12 Step meetings each week. In late summer or early fall of 1982 David started a meeting there for people who wanted to quit smoking, and called it "Smokers Anonymous." Unbeknownst to him, a similar 12 Step group had begun in Southern California a couple months earlier, founded by our other co-founder, Rodger F.

The two groups, in Southern California and Northern California, slowly began growing, independent of each other, until the spring of 1985. At that time Maurice Z, an author and member of Rodger's group in Southern California, wrote an article about Smokers Anonymous which appeared in the May 1985 edition of Reader's Digest. Someone in the Northern California meetings of Smokers Anonymous read that story, and wrote to Rodger's groups in Southern California, informing them that they were holding very similar meetings in the San Francisco area. This communication led to the two separate Smokers Anonymous groups coming together for the first time in April of 1986 in Bakersfield, CA. This gathering came to be known as the first annual conference of the fellowship we now know as Nicotine Anonymous.

At that first conference, David met a woman named Georgie from the Canoga Park meeting in Southern California. Georgie was originally from New York and had earlier attended meetings in New York City, then known as "AA for Non-Smokers," another precursor to our fellowship. She later moved to San Francisco and ran into David again at a meeting. They realized they knew each other from the Bakersfield conference, and Georgie then began attending meetings at the Dry Dock. Eventually David and Georgie became Smokers Anonymous' first romance, and then marriage. David and Georgie continued to operate the Dry Dock for a few years, selling the club in the early 1990s and moving to Florida, where David continued to live for the balance of his life, though he and Georgie eventually split up.

David visited the San Francisco area now and then over the years and made a point of attending Nicotine Anonymous meetings during his visits. He was instrumental in many people's recovery from nicotine addiction and holds a special place of gratitude in the hearts and minds of many.

Rest in peace, David.

Please enjoy the following excerpt from the new proposed NicA booklet titled  
**"Experience Sponsorship in Nicotine Anonymous (NicA):  
Sponsors and Sponsees Share Their Experience"**

### Introduction

Sponsorship is one of five *Tools* of recovery in Nicotine Anonymous (NicA). Sponsorship is how one member, especially a newcomer, receives the individual support and guidance from another experienced member. Seeking out a sponsor is not required, but we encourage it.

A sponsor is typically a member who has successfully let go of nicotine; and is willing and available to share his or her experience with a newcomer on a one-to-one basis. Becoming someone's sponsor is a voluntary service. He or she has first-hand knowledge and understanding of what a newcomer may be going through. A sponsor can explain and guide a sponsee through the Twelve Steps of Nicotine Anonymous and other aspects of the program.

Getting and staying free from nicotine is no easy task for most. Many find it best to accept all the help available. It is good to have a clear-minded and compassionate sponsor during withdrawal. Many find a sponsor a valuable resource to resist the temptations and typical triggers that may occur and lead to a relapse, even after enjoying some time abstinent from nicotine.

It is suggested that you get a sponsor as soon as possible, whether you have quit using nicotine or not. As newcomers begin to attend meetings and listen to other members share, they can consider who they think would be a good fit as a sponsor. A newcomer can then approach and ask that member before or after a meeting (or use the phone or email), to see if he or she is available and willing to be a sponsor.

By being a sponsor, a member has an opportunity to work Step Twelve and practice the tool of service. Members willing to be sponsors can announce and make their availability known. A sponsor offers what he or she has gained through her or his NicA experience, which is one of the best ways to keep, or strengthen, one's own recovery. We "came to believe" in a "Power greater than ourselves," and then are ready to serve a purpose greater than ourselves.

Working with a sponsee, a sponsor will often be reminded of what it was like when he or she was quitting. This helps a sponsor to maintain respect for this powerful drug, and have gratitude for the gift of freedom.

The Nicotine Anonymous website provides information for various ways to make and stay in contact with other members. As of this printing, there are several different formats for NicA group meetings (copy/paste links listed below in **bold**):

Face-to-face meetings [nicotine-anonymous.org/face-to-face-meetings](http://nicotine-anonymous.org/face-to-face-meetings).

The booklet's intention is to provide the reader with members' varied opinions about their experiences with sponsorship and keep to our spirit of "take what you want and leave the rest." There is no one way for sponsorship, only that which each member finds works for her or him. It is hoped that these shares will encourage and help sponsees and sponsors use this one-to-one tool of recovery.

The collection includes: sponsorship experiences written during a World Service Conference workshop, individual submissions sent in by members; excerpts selected from our quarterly newsletter (*SevenMinutes*), all of which were contributed over a period of years.

# Connections

Nicotine Anonymous invites you to connect with our

## Penpal Program

**Who:** Someone like you, who is interested in service work.

**What:** These are examples of our requests: "I am a suffering nicotine addict and I am addicted to chewing tobacco. I would appreciate any help I can get." Another might be from a person wanting to help others: "I have been smober for a year, after smoking for 42 years, and the one day at a time program worked for me." Or, "I am having a hard time staying quit, and I also have COPD." They provide their e-mail address and a brief blurb about their situation.

**When:** As soon as possible, and whenever you can provide some support. The e-mails and letters are sent out to connect with them as soon as members request to join. This is about once a week.

**Where:** E-mails are sent to

PenPal Coordinator - Paper: [PenPalCoordinator@nicotine-anonymous.org](mailto:PenPalCoordinator@nicotine-anonymous.org)

Coordinates and connects penpals who want to communicate via snail mail.

Email Pal Coordinator: [EmailPalCoordinator@nicotine-anonymous.org](mailto:EmailPalCoordinator@nicotine-anonymous.org)

Coordinates and connects pals who want to communicate via email.

**Why:** Not everyone has access to meetings. This is a great way to connect with other addicts from around the world.

**How:** Contact either email address above to begin connecting.

## Write a Meditation For Our New Book

What a great way to do service! We're putting together a new daily meditations book and want your inspired and insightful writings about your personal experience, strength, and hope; principles of recovery based on the Twelve Steps and Twelve Traditions of Nicotine Anonymous, the NicA Slogans, or text from our literature.

You can download a template from Google Drive:

<http://voicesofnicotinerecovery.com/resources/daily-meditations-worksheet>

The text can contain 100-200 words and follows the format of our *Year of Miracles* daily meditations book. In addition to your meditation, you are welcome to include a quote at the beginning, and the concluding prayer, "Today, \_\_\_\_\_." But we are happy to find those for you as well.

If you do choose a quote, it can be from a Nicotine Anonymous member (to be cited as "Nicotine Anonymous member") or from what is considered as "in the public domain for Fair Use" and citing the author.

Please note:

- Contributors waive their right to financial compensation and grant all-rights to Nicotine Anonymous World Services.
- Meditations submitted may be edited as necessary for grammar and content.

Please send your writings to [dailymeditations@nicotine-anonymous.org](mailto:dailymeditations@nicotine-anonymous.org).

Your friend in recovery,

Aimee C.
